

School Strengths 2025-26

Elfed High School (EHS) achieves an effective balance between academic attainment and supporting the well-being of its pupils and staff. The school's core values of 'honesty, integrity, respect, high aspirations and self-belief' are at the heart of what it does.

Standards and Progress	
1. Academic attainment is strong, particularly across core subjects including English, mathematics and science	
Average point scores in English, mathematics and science are consistently above national averages.	
Well-being and Attitudes to Learning	
2. Supporting the wellbeing of pupils and staff is a strength of the school	
Students are proud to be part of EHS where there is a strong sense of belonging to the school community.	
Teaching and Learning Experiences	
3. The school has a clear focus on embedding purposeful planning to support student progress.	
The school has a robust QA process, thorough progress monitoring and provide a range of learning experiences.	
4. Students demonstrate positive behaviour and conduct	
Students have a positive attitude to their school experience and demonstrate positive behaviour in lessons and around school, demonstrating maturity when discussing sensitive issues. They participate enthusiastically in extra-curricular activities available to them.	
Care, Support and Guidance	
5. There is a strong culture of safeguarding in the school	
All staff receive regular training on a wide range of issues and are well-informed on how to keep students safe.	
Leadership and Management	
6. The senior leadership team provide thoughtful and passionate leadership and have created an ethos of trust and self reflection	
Staff are passionate about the school and are clear in their intention to provide a good education for all students. There is an ethos of teamwork and collaboration that permeates the school.
